Trust MB-Wirral with your Mercedes

MB-WIRRAL is the only dedicated Mercedes-Benz service station in Wirral.

Formed in 2009 by Rob Stead and Steve Fisher (formally Mercedes-Benz Road Range technicians), the company has gone from strength to strength and proudly positions itself at the forefront of Mercedes-Benz maintenance and repair, utilising the latest equipment and techniques.

The team at MB-Wirral have more than 31 years' Mercedes-Benz experience and offer customers a unique and individually-tailored service.

You can also have peace of mind that all work is completed to Mercedes-Benz standards by engineers who are all Mercedes diagnostic and system certified.

In October 2010 the company relocated to a new, state-of-the-art workshop, and yet despite the expansion, MB-Wirral's primary focus continues to be the personalised service it gives to all its customers.

So what does MB-Wirral offer?

Because the company is independently-owned, all custom-

ers are given a discount of up to 40% on service and repair costs compared with main dealers.

Attention to detail is paramount and MB-Wirral commit to providing servicing to Mercedes-Benz schedules (no hidden costs), full diagnostics service, fault finding and analysis by experienced technicians, flexible, reduced cost servicing for older vehicles, air conditioning servicing, engine, chassis, gearbox and electronic maintenance and servicing, and MOT testing.

It is also committed to reducing the cost of Mercedes-Benz ownership. No vouchers,

coupons or short-term deals – just transparent, honest prices available to everyone all year round!

And any work undertaken by MB-Wirral will ensure that your warranty remains fully protected.

MB-Wirral will also go that extra mile with a comprehensive range of personal touches, such as courtesy cars and collection and delivery services.
